ARCHITECTURAL REVIEW COMMITTEE

The Architectural Review Committee ("ARC") reviews all requests for modifications to homes and lots following the original lot improvements.

The ARC encourages tasteful and aesthetically pleasing architectural design consistent with the existing structures and landscaping with the various homes throughout Eagle Pointe Subdivision. The ARC is concerned with the impact of any improvement to the surrounding neighbors and property.

To complete an application, the homeowner must submit:

1. A completed application form.
2. A detailed scale drawing, construction plans, or final survey as appropriate, of the improvement (i.e. room addition, screen enclosure, landscape redesign, etc.)
3. A thorough description of the changes proposed will facilitate the ARC in arriving at a decision, thereby expediting your application.

The review process may take up to a month, but every effort is made to accommodate the desire of the homeowners to "get on with their project".

Thank you for your application, which can be mailed or emailed to:
